

## CUTTING WIRES

### Triangular wire

R930020 – 25m box  
R930020A – 50m box

Thinner than other types of wire.  
Very high tensile strength.  
Always the cutting edge in front

### Square wire

R930018 – 25m box  
R930019 – 50m box

Square wire of high quality suitable for  
all PU materials.

**Triangular and Square wire is packed in a smart box that makes it easy to roll out in the required length.**

### Gold wire

R930017 – 22,5m roll

This special braided wire has an excellent  
cutting capability in the PU materials.

**All wires are delivered in neutral package.  
Larger quantities can be made with company logo.**
